

## **AMENDMENTS TO THE CLAIMS**

The following listing of claims will replace all prior versions and listings of claims in the application.

### **LISTING OF CLAIMS**

1. (Currently amended) A method of making an air-bag, the method ~~comprises~~comprising the steps of blow moulding a selected plastics material comprising ABS and PC to form the air-bag utilizing a mould corresponding to the final uninflated state of the air-bag, the mould being such that the moulded air-bag has at least one indented region, which, on inflation of the air-bag, becomes outwardly extending.
  
2. (Previously presented) A method according to Claim 1 comprising the additional step of providing a gas generator for the air-bag.
  
3. (Previously presented) A method according to Claim 1 wherein the indented region comprises an indented groove.
  
4. (Previously amended) A method according to Claim 3 wherein the groove is annular.
  
5. (Previously amended) A method according to Claim 3 wherein the indentation comprises a central indented area.

6. (Currently amended) A method according to Claim 1 wherein the plastic comprises at least 40% ABS and/or and PC.

7. (Currently amended) A method according to Claim 6 wherein the plastic comprises at least 80% ABS and/or and PC.

8. (Cancelled)

9. (Previously presented) An air-bag made by a method according to Claim 1.

10. (Previously presented) A method according to Claim 2 wherein the indented region comprises an indented groove.

11. (Previously presented) A method according to Claim 4 wherein the indentation comprises a central indented area.
